Please click [here](#) for a detailed pdf of the CARO-COMP 2007 schedule or refer to the at-a-glance agenda below.

Objectives:

The objectives for this conference are to:

- provide a forum for interdisciplinary education and professional development in radiation oncology
- highlight current Canadian research in radiation medicine, particularly with regard to image guidance for radiation treatment
- facilitate communication and exchange of ideas among the disciplines in radiation medicine
- showcase the latest technology for radiation oncology
