

Dear CARO Members,

At the last ESTRO board meeting held on June 20th, it was decided the main ESTRO annual meetings will, from now on, take place in the spring. This decision of the Board, was founded on repeated requests from many different groups within our Society. The feasibility of moving the meeting to the spring is based on the great success of the London ESTRO Anniversary meeting.

Following this strategic decision, it was agreed that the next major ESTRO annual meeting, ESTRO 31, will be held on 9-13 May 2012 in Barcelona, Spain, and will be combined with the World Brachytherapy Congress (10-12 May). Consequently the World Brachytherapy Congress (10-12 May) will take place in Barcelona instead of Athens, Greece. For further information www.estro-events.org:

- ESTRO 31 deadlines:
 - Abstracts submission: **16 January 2012**
 - Earlier Registration: **19 January 2012**
 - Late registration: 10 April 2012
 - Desk registration: as of 11 April 2012

- World Brachytherapy Congress:
 - Abstracts submission: **26 January 2012**
 - Earlier Registration: **19 January 2012**
 - Late registration: 10 April 2012
 - Desk registration: as of 11 April 2012

We thank you for your contribution and are convinced of the success, for both societies and for the oncology field, of our joined efforts.

Kind regards,

Sonia Marques
