**BC Cancer Agency**

CARE + RESEARCH

*An agency of the Provincial Health Services Authority*

**Provincial Health Services Authority**

Province-wide solutions. Better health.

a place of mind

The **BC Cancer Agency (BCCA)** is committed to reducing the incidence of cancer, reducing the mortality from cancer, and improving the quality of life of those living with cancer. BC Cancer Agency provides a comprehensive cancer control program for the people of British Columbia in partnership with regional health authorities to deliver a range of cancer services, which include prevention, screening and early detection, diagnosis and treatment, research, education, supportive care, rehabilitation and palliative care. It operates six regional cancer centres in Surrey, Kelowna, Vancouver, Victoria, Abbotsford and Prince George, along with two research centres that conduct research into the causes and cures for cancer.

BCCA is an agency of the **Provincial Health Services Authority (PHSA)**, which plans, manages and evaluates specialty and province-wide health care services across BC. PHSA embodies values that reflect a commitment to excellence. These include:

*Respect people • Be compassionate • Dare to innovate • Cultivate partnerships • Serve with purpose*

## **Locum Radiation Oncologist**

**BC Cancer Agency – Fraser Valley Centre  
Temporary Full Time (Until March 31, 2018)  
Surrey, BC**

The BC Cancer Agency (BCCA) is an Agency of the Provincial Health Services Authority. The BCCA has a province-wide mandate to develop and manage population-based cancer control for BC.

You will be one of twelve full time radiation oncologists at the BCCA-FVC, a full service cancer centre with CT simulation, orthovoltage, and five linear accelerators; with cone beam CT, intensity modulation, gating, stereotactic and RapidArc® capabilities. Collaborative and innovative physics, dosimetry and therapy staff are assets. The FVC has a full range of medical oncology, diagnostic and support services.

BCCA-FVC Radiation Oncology is committed to excellence in clinical care and is focused on developing academic excellence in a provincial cancer care environment. The BC Cancer Agency's population-based model and resultant databases provide outstanding opportunities for outcome-based research. The FVC participates actively in clinical trials and medical teaching. The successful candidate will be expected to treat 3 or 4 tumor sites which are negotiable but likely to include breast, lung, and skin. The appointment term will be as soon as possible until March 31, 2018.

You have obtained or are working towards Fellowship standing with the Royal College of Physicians & Surgeons of Canada in Radiation Oncology (FRCPC). You must be eligible for licensing with the College of Physicians & Surgeons of British Columbia.

A reputation for excellence in patient care, clinical research and education is an asset.

Surrey is located 30 kilometers from downtown Vancouver and offers ready access to all the recreational and cultural activities that the Greater Vancouver area has to offer.

To apply, please send a letter expressing your interest and your curriculum vitae in confidence to:

**Dr. Anand Karvat**  
**Radiation Oncology Department Head**  
**BCCA - Fraser Valley Centre**  
**13750, 96th Avenue**
