

2011 CASARIA Recipients

Dr. Vikram Velker	London Regional Cancer Centre	Predictors of Prostate Bed Contouring Variability: An International Contouring Challenge	\$17,618
Dr. Eric Vigneault	CHUQ Hôtel Dieu de Québec	Evaluation of the accuracy of intraprostatic prostate cancer molecular imaging with FCh-PET/CT for preoperative planning of Image-guided HDR intraprostatic	\$21,828
Dr. Michael Lock	London Regional Cancer Program	Circulating Tumor Cell Analysis in Colorectal Patients with Hepatic Oligometastases Receiving Stereotactic Ablative Radiotherapy	\$10,000
Dr. Anne Koch	Princess Margaret Hospital/Ontario Cancer Institute/University Health Network	Evaluation of concurrent irradiation and poly(ADP-ribose) polymerase (PARP) inhibition in hepatocellular carcinoma cells	\$22,218
Dr. Barbara Fisher	London Regional Cancer Program	PROSPECTIVE FEASIBILITY STUDY OF THE USE OF PET-CT AND 3T MRI IN ASSESSING TUMOUR RESPONSE AFTER NEORADJUVANT CHEMORADIATION FOR RECTAL CANCER	\$22,218
Dr. Neil D'Souza	Odette Cancer Centre, Sunnybrook Health Sciences Centre	Nomogram predicting the 7-year biochemical disease free survival after external beam radiation therapy (EBRT) and androgen deprivation therapy (ADT) for high risk prostate cancer patients	\$12,000
Dr. Robert Bristow	Princess Margaret Hospital-UHN	Stem Cell Markers and Radiotherapy Outcome in Intermediate Risk Prostate Cancer-Translational Studies	\$20,118
