General Information

Objectives

At the end of this session, the participants will be able to:

- describe the future of radiotherapy in a person-centered and equitable system.
- discuss factors which effect equity in training, practice, research, and leadership within and between professions.
- evaluate the factors that impact equity in cancer care.

Board of Directors

Corinne Doll, President

Jolie Ringash, President-Elect

Paris-Ann Ingledew, Secretary/Treasurer

Michael Brundage, Past President

Jennifer Croke, Ontario Director

Fabio Cury, Quebec Director

Danny Duplan, Quebec Director

Caroline Holloway, BC Director

Kurian Joseph, Prairies Director

Jason Pantarotto, Ontario Director

John Thoms, Eastern Director

David Wu, Resident and Fellow Director

Results will be announced at the closing ceremony.

Accreditation

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by Continuing Professional Development, Schulich School of Medicine & Dentistry, Western University. You may claim a maximum of **14.5** hours (credits are automatically calculated). Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

Canadian Association of Medical Radiation Technologists (CAMRT) – Continuing Education Credit assigned to this activity will not be recognized by the American Registry of Radiologic Technologists (ARRT) however may be recognized and accepted by CAMRT's provincial organization or other regulatory bodies for CPD requirements. **6.25** continuing education credit/hours for full day attendance – Thursday September 24, 2020. **5.0** continuing education credit/hours for full day attendance – Friday September 25, 2020.

Medical Dosimetrist Certification Board (MDCB) – **5.0 CE hours**

Letter from the President

Dear Colleagues,

On behalf of the CARO Board of Directors, a very warm welcome to CARO's first Virtual Scientific Meeting.

It is a considerable understatement to label this year as "challenging", with the COVID pandemic impacting us both professionally and personally. Many aspects of our radiation oncology practices and activities have been affected.

We have missed interacting with colleagues, friends, and family members. Although we are unable to meet together in person this year, I am pleased that we are able to offer an exciting virtual program.

The CARO ASM has had the task of essentially organizing 2 meetings – initially the in-person and then the pivot to the virtual format. This was done through the major efforts by the Scientific Committee, led by Dr. Meredith Giuliani, and our meeting organizer extraordinaire, Mary Hooey. We are very grateful for the many hours that they and their team (Alanah Bergman, Jennifer Croke, Fabio Cury, Marc Gaudet, Eric Leung, Brian Liszewski, David Palma, David Wu) have dedicated to the preparation of this meeting. Thank you to Dr. Jennifer Croke for her work in organizing the Resident Refresher Course and the Resident Career Counselling Event. We also want to acknowledge Denise Craine and the CARO Secretariat Central staff for their organization and expertise.

This year's theme, "*Equity in Radiation Oncology: Patients, Providers and Practice*", is particularly timely given the recent events we have seen in our country and beyond. This theme will include discussion of the future of radiotherapy in a person-centred and equitable system, and factors which effect equity from training to leadership, and those factors that may impact cancer care. We look forward to in-depth discussions in these topics as well as many other presentations, both virtual oral and poster, providing us with information and scientific advancements relevant to our specialties.

We would love you to join us in the social activities and fundraisers. Yes, the CROF Fun Walk/Run and Yoga events are still on – virtually! We are hopeful that we will see even more of you joining us in these important CARO/CROF fundraising activities.

I also would like to acknowledge the generous support of our industry sponsors – without your commitment to CARO's VSM, this event would not be possible. We look forward to future discussions and partnerships to enhance the education and development of our members.

Thank you for all you do to advance our field and the care of our patients. We look forward to brighter days ahead and I hope we can see each other in person soon. Please don't hesitate to contact me with your ideas to improve how CARO can work for you. I hope you find the CARO VSM a valuable and enriching experience.

Corinne Doll, MD FRCPC
President, CARO

Lettre du président

Chers collègues,

Au nom du conseil d'administration, je vous souhaite chaleureusement la bienvenue à la première Réunion scientifique virtuelle de l'ACRO.

Ce serait un euphémisme considérable de qualifier l'année en cours de « difficile », vu la pandémie de la COVID-19 qui sévit et qui nous touche tant professionnellement que personnellement. Celle-ci s'est répercutée sur bon nombre d'aspects de la pratique et des activités de la radio-oncologie. La présence de nos collègues, de nos amis et des membres de notre famille nous manque. Bien que nous ne soyons pas en mesure de nous réunir en personne cette année, je suis heureuse de pouvoir vous présenter un programme virtuel fort intéressant.

Les organisateurs de la RSA de l'ACRO a dû essentiellement organiser deux réunions – initialement, celle qui devait se tenir en personne et, ensuite, le format virtuel. Cela a été possible grâce aux efforts considérables du comité scientifique, dirigé par D^{re} Meredith Giuliani, et de Mary Hooey, notre excellente organisatrice de réunions. Nous sommes très reconnaissants des nombreuses heures qu'elles, et leur équipe (Alanah Bergman, Jennifer Croke, Fabio Cury, Marc Gaudet, Eric Leung, Brian Liszewski, David Palma et David Wu), ont consacrées à la préparation de cette réunion. Merci à D^{re} Jennifer Croke pour le travail effectué afin d'organiser le cours de recyclage et l'événement d'orientation professionnels destinés aux résidents. Nous tenons aussi à souligner les excellentes compétences organisationnelles de Denise Craine et du personnel de Secretariat Central.

Le thème de cette année, « *Équité en radio-oncologie : patients, professionnels de la santé et pratique* », est particulièrement opportun compte tenu des récents événements survenus au pays et à l'étranger. Ce thème prévoit des discussions sur l'avenir de la radiothérapie dans un système centré sur les personnes et équitable, sur les facteurs qui touchent l'équité, comme la formation et le leadership, et sur ceux qui sont susceptibles d'avoir un impact sur les soins oncologiques. Nous anticipons des discussions approfondies sur ces sujets, ainsi que les nombreuses autres présentations, tant virtuelles que par affiches, qui nous fourniront des renseignements et nous feront part des progrès scientifiques pertinents à nos spécialités.

Nous espérons que vous serez des nôtres pour les activités sociales et de financement. En effet, la Course/marche amicale pour la FCRO et les séances de yoga auront quand même lieu – virtuellement! Nous espérons que vous serez encore plus nombreux à participer à ces importantes activités de financement pour l'ACRO et la FCRO.

Je tiens aussi à souligner le généreux soutien de nos commanditaires – sans votre engagement envers la RSV de l'ACRO, sa tenue ne serait pas possible. Nous anticipons avec plaisir la perspective de discussions et partenariats futurs dans le but d'offrir des possibilités d'éducation et de perfectionnement encore plus avantageuses à nos membres.

Merci pour tous les efforts que vous déployez pour favoriser la progression de notre domaine et des soins aux patients. J'espère que des jours plus radieux nous attendent et que nous pourrions nous voir en personne bientôt. N'hésitez pas à communiquer avec moi si vous avez des suggestions pour améliorer les efforts que l'ACRO déploie pour vous. J'espère que la RSV de l'ACRO s'avérera à la fois utile et enrichissante pour vous.

Corinne Doll, MD FRCPC
Présidente de l'ACRO

Letter from the Chair, Scientific Planning Committee

Dear CARO Participants,

On behalf of the CARO Scientific Meeting Planning Committee welcome to the first ever CARO Virtual Scientific Meeting with a theme: *Equity in Radiation Oncology: Patients, Providers and Practice*. We know these have been deeply challenging times which will change how we deliver cancer care. We are very pleased to welcome you to the CARO meeting and offer you

the ability to connect with friends and colleagues. There is no substitute for getting together in person but are embracing this opportunity to get together virtually. While this format may not be preferred by everyone, it may be attractive to those who were not planning to travel to Toronto.

The meeting content is live and will be posted on the CARO virtual meeting Portal. The posters are available to view online at your leisure and the opportunity to comment and connect with the authors is available. Most posters have a 3 minute video attached to enhance the personal experience.

I would like to thank the Planning Committee for putting together a fantastic program and for committing their time to adapt to the rapidly changing situation. The program highlights radiation oncology research across Canada. The format includes a variety of sessions, with theme symposium, resident and fellow competition, plenary abstract and CBG sessions.

Among our keynote speakers are Sandra Turner from Australia – the CARO Lecturer, Lisa Barbera from Calgary – 2020 CARO Gold Medal and Gordon Richards Lecturer, and Conrad Falkson from Kingston – the Jean Roy Lecturer. We bring back the CARO-ESTRO Symposium on Global Radiotherapy led by Mary Gospodarowicz (CARO) and Yolande Lievens (ESTRO) with many panelists from ESTRO, IAEA, and Zambia.

I hope this meeting will bring you some sense of togetherness, have some fun at the social and provide you with the opportunity to see your friends and colleagues virtually. Need a break during the day, Goat Yoga is available over the lunch breaks on Thursday and Friday.

Join us Thursday, September 24th at 7:00pm for our BINGO by Brian social event. Prizes awarded throughout the game.

Although we are apart, we will be all together!

See you online!

Meredith Giuliani
Chair, CARO VSM

Lettre du Présidente, Comité de planification scientifique

Chers participants de l'ACRO,

Au nom du comité de planification de la Réunion scientifique de l'ACRO, nous vous souhaitons la bienvenue à la toute première Réunion scientifique virtuelle (RSV), tenue sous le thème de *l'Équité en radio-oncologie : patients, professionnels de la santé et pratique*. Nous savons que nous vivons actuellement des moments très difficiles qui transformeront la prestation des soins oncologiques. Nous sommes très heureux de vous accueillir à cette rencontre de l'ACRO et de vous offrir la possibilité d'échanger avec vos amis et collègues. Bien que rien ne remplace les rassemblements en personne, nous désirons mettre à profit cette occasion de nous réunir virtuellement. Bien que ce format ne plaise pas à tout le monde, il intéressera peut-être ceux qui ne prévoyaient pas venir à Toronto.

Le contenu de la réunion est maintenant disponible et il sera affiché sur le portail de la réunion virtuelle de l'ACRO. Vous pourrez consulter les affiches à votre gré, ainsi que formuler des commentaires à leur sujet et prendre contact avec leurs auteurs. La majorité des affiches s'accompagnent d'une vidéo de trois minutes ayant pour but de rehausser votre expérience.

Je tiens à remercier le comité de planification pour avoir créé un programme fantastique et pour avoir fait preuve d'une grande flexibilité pour s'adapter à une situation en constante mutation. Le programme met en lumière les initiatives de recherches en radio-oncologie d'un bout à l'autre du Canada. Le format prévoit diverses séances, dont un symposium thématique, un concours destiné aux résidents et aux boursiers, des présentations de résumés et des séances plénières organisées par le GCC.

Parmi les conférenciers d'honneur, citons Sandra Turner, de l'Australie – conférencière de l'ACRO, Lisa Barbera, de Calgary – Médaillée d'or 2020 de l'ACRO et conférencière Gordon Richards, et Conrad Falkson, de Kingston – conférencier Jean Roy. Nous réinstaurons le Symposium de l'ACRO et de l'ESTRO sur la radiothérapie mondiale, animé par Mary Gospodarowicz (ACRO) et par Yolande Lievens (ESTRO) et regroupant de nombreux panélistes de l'ESTRO, de l'IAEA et de la Zambie.

J'espère que cette réunion vous apportera un certain sentiment d'unité, que vous aurez du plaisir pendant les activités sociales et que vous aurez l'occasion de voir vos amis et collègues virtuellement. Besoin de répit pendant la journée? Des séances de yoga chèvre seront offertes jeudi et vendredi, pendant la pause du dîner.

Soyez des nôtres le jeudi 24 septembre à 19 h pour une soirée de BINGO avec Brian. Des prix seront décernés tout au long de la soirée.

Bien que nous soyons séparés, nous serons tous ensemble!

Au plaisir de vous voir en ligne!

Meredith Giuliani
Présidente, RSV de l'ACRO

| 3:30 – 4:30pm LINE 1* | <p>Oral Session 6 – A Mix (53-58) <i>Moderators: Shrinivas Rathod, Tara Rosewall</i></p> <p>Objectives: After this session, the learners will be able to:</p> <ul style="list-style-type: none"> • discuss specific topics in radiation medicine including supportive care during radiotherapy, clinical outcomes and toxicity. <p>53 UTILITY OF POST-TREATMENT PET IN HPV ASSOCIATED OROPHARYNGEAL CANCER: A SYSTEMATIC REVIEW AND META-ANALYSIS Pencilla Lang, Sondos Zayed, Andrew Warner, Gabriel Boldt, Lucas Mendez, Varagur Venkatesan, Jinka Sathya, Nancy Read, David Palma Western University, London, ON</p> <p>54 RE-IRRADIATION FOR RECURRENT CRANIOPHARYNGIOMA Sarah Foran, Normand Laperriere, Kim Edelstein, Laura Janzen, Vijay Ramaswamy, David Shultz, Fred Gentili, Eric Bouffet, Derek Tsang University of Toronto, Toronto, ON</p> <p>55 THE RATE OF PROSTATIC INVOLVEMENT IN MEN TREATED WITH RADICAL CYSTECTOMY FOR MUSCLE INVASIVE BLADDER CANCER Benjamin Royal-Preyra, Luis Souhami, Fadi Brimo, Mehdi Mansoor, Yousef Katib McGill University, Montreal, QC</p> <p>56 OUTCOMES FROM A SINGLE INSTITUTION COHORT OF 248 PATIENTS WITH STAGE I-III ESOPHAGEAL CANCER TREATED WITH RADIOTHERAPY Carrie Lavergne¹, Mark Niglas², Abrielle Fulton¹, Andrew Youssef¹, Ayesha Fathima¹, Youssef Youssef² ¹Lakeridge Health, Oshawa, ON ²Queen's University, Oshawa, ON</p> <p>57 RED BLOOD CELL TRANSFUSION PRACTICES FOR CERVIX CANCER PATIENTS UNDERGOING RADIOTHERAPY: AN INTERNATIONAL DELPHI CONSENSUS STUDY Sondos Zayed¹, Timothy Nguyen¹, Lucas Mendez¹, Vikram Velker¹, Corinne Doll², Amandeep Taggar³, Eric Leung³, David D'Souza¹ ¹Western University, London, ON ²University of Calgary, Calgary, AB ³University of Toronto, Toronto, ON</p> <p>58 PATTERNS OF PRACTICE AND CLINICAL OUTCOMES IN PATIENTS WITH VULVAR CARCINOMA Lama Khoja¹, Nicholas Hurst¹, Neesha Dhani¹, Michael Milosevic¹, Kathy Han¹, Anthony Fyles¹, Blaise Clarke¹, Amy Liu², Jessica Weiss², Stephane Laframboise¹, Jennifer Croke¹ ¹University of Toronto, Toronto, ON ²University Health Network, Toronto, ON</p> |

Thursday, September 24, 2020

| TIME | EVENT |
|--------------------------|--|
| 4:30 – 5:20pm LINE 1* | <p>CARO Lecture <i>Moderator: Corinne Doll</i></p> <p>Improving Equity through Awareness: Lessons from the Targeting Cancer Campaign Sandra Turner</p> <p>Objectives: After this session, the learners will be able to:</p> <ul style="list-style-type: none"> • share lessons learned from a bi-national campaign to raise awareness of radiation therapy. • highlight the value of interdisciplinary activity in radiation oncology advocacy. • showcase partnerships with patients in raising the profile of radiation therapy. |
| 7:00 – 8:30pm LINE 1* | <p>Networking Event – BINGO by Brian Come join us – bring your cocktail and bingo card. Say hi to your friends through the chat function. See you there!</p> |

Friday, September 25, 2020

You will receive a link to access the CARO VSM Portal in advance of the meeting.

| TIME | EVENT |
|-----------------------------------|--|
| 9:20 – 9:50am | Chairs, Speakers, Moderators login |
| 9:55 – 10:00am | Virtual Check In |
| 10:00 – 11:00am LINE 1* | <p>CARO-ESTRO Symposium Expanding the Global Access to Radiotherapy – from Evidence to Practice <i>Moderator: Mary Gospodarowicz</i></p> <p>Objectives: After this session, the learners will be able to:</p> <ul style="list-style-type: none"> • understand how evidence can support access and capacity planning in radiation oncology • review the status of the Lancet Commission on global access to radiotherapy – 5 years later • understand the role of the IAEA in the capacity building for global radiotherapy |
| 10:00 – 10:05am | <p>Welcome and Introduction Mary Gospodarowicz</p> |
| 10:05 – 10:35am | <p>Keynote Address Yolande Lievens</p> |
| 10:35 – 11:00am | <p>Panel Discussion* May Abdel Wahab, Eduardo Zubizarreta, Ajay Aggarwal, Chiara Gasparotto, Timothy Hanna, Danielle Rodin, Dorothy Lombe</p> |
| 11:00 – 12:00pm LINE 1* | <p>Fellow Competition (17-22) <i>Moderators: Michael Brundage, Jennifer Croke</i></p> <p>Objectives: After this session, the learners will be able to:</p> <ul style="list-style-type: none"> • discuss the top scored Canadian Radiation Oncology Fellow research projects. <p>17 A PROGNOSTIC GENE EXPRESSION SIGNATURE FOR WOMEN WITH CERVICAL CANCER RECEIVING CURATIVE INTENT TREATMENT Jelena Lukovic, Melania Pintilie, Jeffrey Bruce, Kathy Han, Rob Cairns, Trevor Pugh, Michael Milosevic Princess Margaret Cancer Centre, Toronto, ON</p> <p>18 STEREOTACTIC BODY RADIATION THERAPY FOR MEDIASTINAL AND HILAR LYMPH NODE METASTASES: A SINGLE-INSTITUTIONAL REVIEW OF CLINICAL OUTCOMES Jeevin Shahi¹, Ian Poon¹, Yee Ung¹, May Tsao¹, Nauman H. Malik², Liying Zhang¹, Alexander V. Louie¹, Patrick Cheung¹ ¹Odette Cancer Centre, Toronto, ON ²University of Toronto, Toronto, ON</p> <p>19 EFFECTIVENESS OF STEREOTACTIC BODY RADIATION THERAPY (SBRT) FOR OLIGOMETASTATIC NON-SPINE BONE LESIONS: AN INTERNATIONAL CONSORTIUM STUDY Hanbo Chen¹, Linda Cao², Kristin Redmond², Darby Eler¹, Serena Badellino¹, Tithi Biswas³, Roi Dagan⁴, Matthew Foote⁵, Alexander Louie¹, Ian Poon¹, Umberto Ricardi⁶, Arjun Sahgal¹ ¹University of Toronto, Toronto, ON ²The Johns Hopkins University, Baltimore, MD ³Case Western Reserve University, Cleveland, OH ⁴University of Florida, Jacksonville, FL ⁵University of Queensland, Brisbane, AU ⁶University of Torino, Torino, IT</p> |
